“ *My earliest memories of David were right after I became a Christian in 1977. He was very encouraging to me in those early days when I began my faith journey. Though I haven't seen him in years, I know we could pick up a conversation like we just had lunch a couple of weeks ago. I guess that will have to wait for a while now.* ”

“ *I had the pleasure working with David at the post office for 6 1/2 years. He always seemed to have such a positive energy and love for what he did. I think a major reason why he loved his job was the amount of people he could talk to. He could talk to anyone about anything for hours. I'm not a very talkative person, but he definitely made me a few hundred dollars more just chatting with me before I clocked out. We would talk anywhere between 5-30 minutes long. He was always so fascinated about every little thing going on in my life. Our conversations at times would get deep and very scientific. He was definitely smarter than he gave himself credit for. Even after leaving the post office he would text me from time to time. We'd chat about what was going on in our lives. We last talked about chess. I wish I knew he loved chess sooner or else I would have loved to play him. He definitely would have beat me. He will be greatly missed, he was a great man.*

“ David was such a sweet man, as I know him through Sheridan Post office.

Always welcoming my little weiner dog Nellie, and would always say my wife would want another dog if she saw her.

Dave and I would discuss our political views, and would attempt to solve the world's problems,

David will be greatly missed by the Sheridan community.

My deepest condolences to his family

“ Dear Roy Family, I am so sorry to hear of David's passing. May God grant you comfort and peace. My family lived about a mile north on State Road 9. I fondly remember riding the school bus with Allen, David and Donnie. My Mom and Mary were friends; my brother and Allen rode their horses together.
